

P5000 remanufactured printers

Description	REMANUFACTURED PRINTERS	Part No.
REMANUFACTURED BASE PRINTERS - GOLD - Printers subject to availability		
P5005B	500 LPM with Open Pedestal and Paper Tray	177354-8001
P5005B-12	500 LPM with Open Pedestal and Paper Tray, 12 mil tip	177355-8001
P5205B	500 LPM Floor Cabinet Model	177356-8001
P5008	800 LPM with Open Pedestal and Paper Tray	174471-8001
P5208	800 LPM Floor Cabinet Model	174472-8001
P5009	900 LPM with Open Pedestal and Paper Tray	175466-8001
P5209	900 LPM Floor Cabinet Model	175465-8001
P5010	1000 LPM with Open Pedestal and Paper Tray	174473-8001
P5210	1000 LPM Floor Cabinet Model	174474-8001
P5212	1200 LPM Floor Cabinet Model	174475-8001
P5214	1400 LPM Floor Cabinet Model	175464-8001
P5015-Q/A	1500 LPM with Open Pedestal and Paper Tray, Quick Access	177357-8001
P5215	1500 LPM Floor Cabinet Model	174476-8001

P5000 series printers

Description	Part No.
FACTORY INSTALLED OPTIONS (One emulation kit must be ordered with each printer.)	
LP+ Emulation (Default)	170758-001
PGL/VGL/LP+ Emulation	170725-001
CT Interface and Software (Coax/Twinax) ¹	170726-001
PGL/VGL/CT Emulation (Includes CT Interface) ¹	170727-001
IGP/CT (Hawk) Emulation (Includes CT Interface) ¹	164991-001
IPDS Emulation, Twinax Only (Includes CT Interface) ¹	170732-001
IPDS/PGL/VGL Emulation, Twinax Only (Includes CT Interface) ¹	170735-001
IPDS Emulation, Ethernet Only (Incl. PrintNet Enterprise Ethernet Interface 10/100 Base T) ²	170734-001
IPDS/PGL/VGL Emul., Ethernet Only (Incl. PrintNet Enterprise Ethernet Interface 10/100 Base T) ²	170737-001
ANSI/LP+ Emulation	170728-001
PGL/ANSI Emulation	170730-001
VGL/ANSI Emulation	170729-001
LJ Emulation	176664-001
LJ/PGL Emulation	173684-001
LJ/VGL Emulation	173683-001
TN5250/TN3270 Emulation (Incl. PrintNet Enterprise Ethernet Interface 10/100 Base T) ²	174964-001
TN5250/TN3270/PGL/VGL Emulation (Incl. PrintNet Enterprise Ethernet Interface 10/100 Base T) ²	174963-001

Description	Part No.
ADDITIONAL FACTORY INSTALLED OPTIONS	
PrintNet Enterprise 10/100 Base T ^{2,3,4}	170593-001
Dataproducts Long Lines Interface ⁶	163289-001
Black Back Form	170173-001

Description	Part No.
MANUALS	
P5000 Users Manual	176657-001
LP+ Programmer's Reference Manual	164302-001
CT Simple Protocol Converter Programmer's Reference Manual	164301-001
PGL, Combined, Programmer's Reference Manual	spare 176995-001
VGL Programmer's Reference Manual	164304-001
ANSI Programmer's Reference Manual	164305-001
IPDS Programmer's Reference Manual	164306-001
Character Set Manual	164308-001

- Notes:
- ¹ All CT software includes protocol converter feature
 - ² See Professional Services for Advanced PrintNet Enterprise & Networking Training
 - ³ The PrintNet interface may be combined with any emulation option.
 - ⁴ Includes PrintNet Enterprise remote management software
 - ⁵ Dual NIC kits do not include radio, but do include external antenna
 - ⁶ Cannot be ordered with CT or IPDS options

P5000 series printers

Description	Part No.
FIELD INSTALLED OPTIONS	
CT Connectivity	
CT Interface (Adds CT/LP+ hardware and software to Non-CT Printers) ^{1, 2, 6}	170741-001
IPDS Emulation, Twinax Only (Requires CT Interface) ^{1, 2, 4, 6}	170746-001
IPDS/PGL/VGL Emulation, Twinax Only	170749-001
PGL/VGL Emulation (Requires CT Interface) ¹	170742-001
CT/IGP (Hawk) Emulation	171816-001
Coax/Twinax Protocol Converter (Used in place of CT Interface) ^{1, 3, 7}	157411-001
ASCII Connectivity	
PGL/VGL/LP+ Emulation (For Standard Models - LP+) ²	170739-001
ANSI/LP+ Emulation (Replaces existing LP+ with ANSI/LP+) ^{2, 4}	170743-001
VGL for ANSI Emulation (Requires ANSI Emulation) ²	170744-001
LP+ Emulation (Upgrade for Older Models)	170740-001
IPDS Emulation, Ethernet Only (Incl. PrintNet Enterprise Ethernet Interface 10/100 Base T) ¹¹	170748-001
IPDS Emul., Ethernet Only (Software Only. DOES NOT incl. PrintNet Enterprise Ethernet Interface 10/100 Base T)	170747-001
IPDS/PGL/VGL Emul., Ethernet Only (Incl. PrintNet Enterprise Ethernet Interface 10/100 Base T) ¹¹	170751-001
IPDS/PGL/VGL Emul., Ethernet Only (Software Only. DOES NOT incl. PrintNet Enterprise Ethernet Interface 10/100 Base T)	170750-001
TN5250/TN3270 Emul. (Software only. DOES NOT incl. PrintNet Enterprise Ethernet Interface 10/100 Base T)	174962-001
TN5250/TN3270/PGL/VGL Emul. (Software only. DOES NOT incl. PrintNet Enterprise Ethernet Interface 10/100 Base T)	174961-001
Other Options	
Memory Upgrade Kit (4MB & 4MB)	Spare part 170387-001
Quick Access Kit (For Pedestal models only)	155340-001
Doors for 16 Inch Paper, Field Kit (For Cabinet models only) ⁵	157897-001
Dataproducts Long Lines Interface ^{1, 8}	154649-901
Dataproducts Adapter (Centronics to DP) (external)	154695-901
Slotted, Black Back Form	170172-001
PrintNet Enterprise 10/100 Base T ^{8, 9, 11, 12}	
Internal	170613-001
External	250827-901
PrintNet Enterprise Upgrade ^{10, 11} - For first unit upgraded	174604-001
- For second and remaining units	174605-001
Printer Elevating Stand	204730-001
SureStak - Power Stacker	177273-001

- Notes:**
- ¹ Printer can be configured with only one of the following optional interfaces: CT, Protocol Converter, or Dataproducts Long Lines Interface.
 - ² Memory field kit required for all printers shipped before August 1997.
 - ³ Cannot be used with 10 Base T or 10 Base 2 LAN Interface.
 - ⁴ IPDS and ANSI are not recommended for 12 mil tip model printers.
 - ⁵ Cannot be ordered with P5215 SureStak or P5220 SureStak.
 - ⁶ All CT software includes the protocol converter feature.
 - ⁷ Hardware Option.
 - ⁸ Software upgrade required for printers shipped before August 1997. If printer is LP+ only, order LP+ emulation kit. If printer has optional software, order memory field kit and install latest production software.
 - ⁹ The PrintNet interface may be combined with any CT connectivity or ASCII connectivity option.
 - ¹⁰ Anytime an upgrade is ordered, quantity one of PN 174604-001 is required to cover the first unit. Then order enough of PN 174605-001 to cover all remaining units to make up the total quantity of upgrades desired. If only a single upgrade is needed, order only PN 174604-001; PN 174605-001 is not required.
 - ¹¹ See Professional Services for Advanced PrintNet Enterprise & Networking Training
 - ¹² Includes PrintNet Enterprise remote management software
 - ¹³ Dual NIC kits do not include radio, but do include external antenna
