

XL300 Series

Make Room For More Work

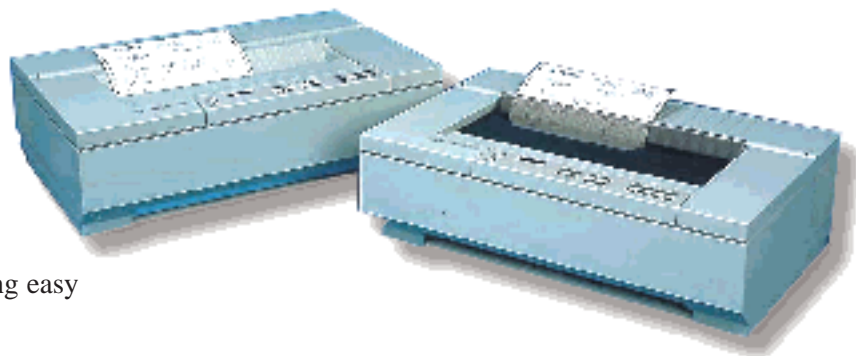

XL300 and XL300DD Dot Matrix Printers – Heavy Duty Wide Carriage

Expect heavy-duty performance from this dot matrix printer. With a field-proven wide-carriage design, the XL300 Series delivers quality on multi-part forms to 9-parts and up to 15 inches wide.

Effective

- Handles multi-part forms to 9-parts
- Wide carriage prints forms up to 15" wide
- Print speeds to 300 cps
- Intelligent push-button operation for ease of use
- High-powered ballistic print head and flat metal platen deliver easy-to-read text and bar codes, even on 6-part forms
- Pull and push tractor versions available
- XL300DD's optional tilt base makes form loading easy

Reliable

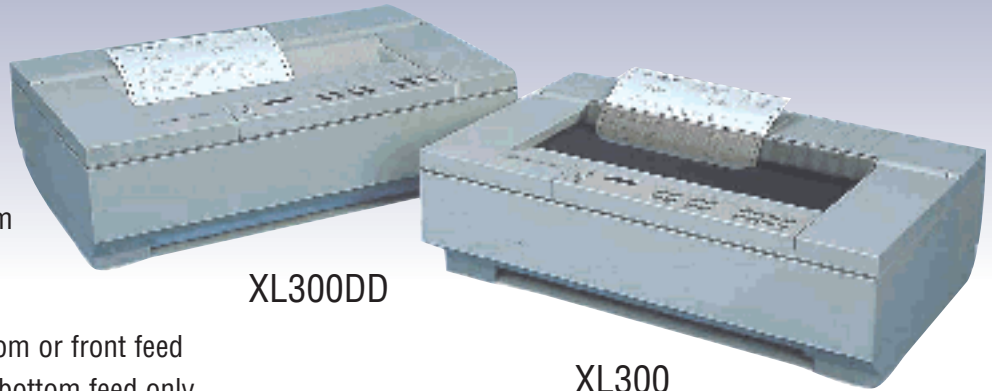

- Straight paper path eliminates bunching and jamming
- Consistently produces quality in round-the-clock, high-duty cycle applications

Affordable

- Value-pricing makes heavy-duty printing affordable
- XL300DD features push tractors for zero tear-off, minimizing forms waste

XL300 and XL300DD Dot Matrix Printers Feature:

- Wide carriage handles forms from 3 to 15 inches wide and up to 230 characters at 17.5 cpi
- High-powered printhead for excellent text and bar code reproduction on forms with as many as 9-parts
- Field-proven reliability
- Zero tear-off feature ensures maximum paper use with no forms waste
- Integrated Ethernet Interface models
- XL300 features pull tractors with bottom or front feed
- XL300DD features push tractors with bottom feed only
